# ASSIGNMENT

- Share something about sports and how it helps to bring people together. It can be any song, poem, drawing, paragraph etc. that you have created and wish to share with the rest of us!
- For example: You could write something about how you found your best friend through your sports team in school. You could also write about how the entire country puts aside its differences and comes together to support Indian athletes. Another thing you could consider is how when an Indian athlete wins a competition, the entire country celebrates as though it is their own win.
- Share your piece by Wednesday evening.
